

CLEARANCE & EXEMPTION WORKING GROUP (CEWG)

Nuclear Industry Code of Practice, Implementation & Experience

Lecture Theatre, Astley Suite, The Centre
Birchwood Park, Warrington WA3 6AE
Thursday 5th October 2006

PROGRAMME AND REGISTRATION FORM

Aim of this 1 day seminar

The aim of the workshop is to find out:

- how businesses have used the CoP to improve waste clearance (i.e. materials cleared, money saved, new routes opened)
- whether there are opportunities for improvement with respect to the CoP (i.e. clarity, fit-for-purpose)
- whether there are opportunities for improvement with respect to the wider business environment (i.e. training needs, resource implications, business drivers)

In addition, the CEWG will be holding a small exhibition to give contractors and consultants an opportunity to discuss their services and products in the waste clearance area.

Programme:

Morning Session - External Influences

08:00 - 09:00	Registration:
09:00 - 10:00	<i>Morning refreshments and Exhibition viewing</i>
10:00 - 10:20	Introduction: David Owen , (Technical Authority NBSS, AWE) CEWG Chairman Implementation of the CoP - The Next Phase
10:20 - 11:00	Keynote Lecture: Joanne Fisher , (LLW Strategy Manager, NDA) Nuclear Decommissioning Authority: Incentivising the right behaviour
11:00 - 11:30	Mark Bentley (SD:SPUR Project Manager) CIRIA Sustainability and Nuclear Decommissioning
11:30 - 12:00	Dave Bennett (Strategic Policy Manager - Radioactive Substances Regulation) Environment Agency The Regulators' Expectations
12:00 - 12:30	<i>Questions</i>
12:30 - 14:00	<i>Lunch and Exhibition viewing</i>

More details of our exciting Programme and the registration form on reverse of the leaflet

Engineers

Afternoon Session - Internal Responses

14:00 - 14:30	Mr S Oldfield , (Head of Technology Support: Clearance & Characterisation) British Nuclear Group Sellafield Experience of Clearance & Exemption
14:30 - 15:00	Paul McClelland , (Waste Compliance Manager, Dounreay) UKAEA Dounreay - Cost Savings Achieved Through Effective Waste Clearance
15:00 - 15:30	Rachel Golding , (Clearance Supervisor) AWE Collecting and Analysing Samples from Bulk Materials in Accordance with the Clearance and Exemption Code of Practice: Improvements and Impracticalities
15:30 - 15:50	<i>Tea/Coffee break and Exhibition viewing</i>
15:50 - 16:20	Julian Dean , (Senior Research Scientist) NPL Progress in developing a standard drum for a gamma-detector comparison
16:20 - 16:50	Mike Calloway , (Environmental and Radiological Team Leader / RPA) Amec NNC Gap Analysis and Application of the NiCOP by AMEC NNC
16:50 - 17:10	<i>Questions</i>
17:10 - 17:30	<i>Concluding Address</i> Colin Hunt , (Senior Environmental Assurance Advisor, AWE) CEWG Member

REGISTRATION FORM: (tick boxes as required)

PLEASE COMPLETE AND RETURN TO:

Mrs Ros Burton, Institution of Nuclear Engineers, 1 Penderley Road, London SE6 2LQ

Tel: ++ 44 (0) 20 8698 4750 Fax: ++ 44 (0) 20 8695 6409 Email address:- rosburton@nuceng.freereserve.co.uk

I wish to register as a delegate for this conference

Please use block capitals when filling in details

Surname.....Title (Mr, Mrs etc).....

First Name.....Organisation.....

Address.....

.....Zip/Postcode.....

Country.....Telephone (including code).....

Fax.....Email Address.....

Special dietary requirements.....

Delegate Fee: £70-50 (£60-00 plus £10-50 vat) **Cheques should be made payable to BNES Ltd**

I enclose a cheque I wish to pay by Credit Card

Credit Card details.....

Start date (switch only).....Expiry date (all).....

Last 3 digit numbers on reverse of card (all)

NOTE: Payment cannot be accepted without this information and will be treated with strict confidentiality. (Sorry - Amex is not accepted)
